2008 CSAF Focus Areas

Information on CSAF Focus Areas.

OVERVIEW

The FY08 CSAF Focus Areas were proposed last year and grew out of the lessons identified in the FY07 Focus Areas. This year's three focus areas are:

- Integration of Airpower in Operational-Level Planning.
 - CAOC Strategy Division Chief (originally from a senior AF mentor's briefing)
- Airpower in Irregular Warfare.
 - Secretary of Defense Robert Gates
- Airmen in the Ground Combat Environment.
 - "Soldier skills are not exclusively for the Army and Marines. They're for all the people in the military." - Brigadier General (Ret) Richard Coleman, 29 Jan08, former USAF Director of Security Forces
