

Joint Lessons Learned Working Group Report

Working Group Lead: LtCol Pappas, JS J7 S&P JLLPB

Make the joint lessons learned program more relevant through alignment of policy, system, and business rules

- Socialized the deliberate observation validation process and established business rules to identify joint operational and strategic observations to improve responsiveness and integration with exercise and training
- Socialized the joint lessons learned process and developed draft business rules to improve integration across the joint force
- Reviewed the issue resolution module within the Joint Lessons Learned Information System (JLLIS) to align policy, procedure, and practices
- Identified and prioritized JLLIS requirements targeting improved user interface and collaboration
- Conducted briefings on Operations ODYSSEY DAWN, TOMODACHI, ENDURING FREEDOM, Afghanistan Civilian Casualties, and the integration of JCOA into the J7
