

USAFRICOM CYBERSPACE TRAINING UPDATE

***Lt Col Dale Austin, USAF
USAFRICOM
Chief, AFRICOM Cyberspace Operations
Africa Command Cyber Center
18 Sept 2012***

This briefing is UNCLASSIFIED

CYBERSPACE TRAINING

- **Best Practice**

- Developed in-house training plan to close gaps in skills
- Success getting funds for training

- **Needs**

- Standardized training requirements to meet DoD expectations
- Course offerings, more classes

CYBERSPACE OPERATIONS

- **Successes**

- Stood up ACCC to IOC
 - Resourced in-house, not matrixed, 2/3/6/LNOs
- CERF – USCYBERCOM supporting command
- Conducted first major exercise of cyber

- **Challenges**

- People
- Skills and training

CYBERSPACE ISSUES

- **USCYBERCOM not sourcing CSE until CY '14**
- **JCC stand-up order – unfunded mandate**
- **Training and skills to meet JCC “41”**
- **Global COP (systems)**
- **Shared threat picture (Intel)**
