OEF Transition LL Support Plan

- **Goal: Provide access to historical data for planning, and process for collection of observations, issues and best practices during execution of OEF redeployment and transition**
- **Plan:**
 - Provide central location in JLLIS for historical data compiled
 - Provide capability for collection leverage existing LL
 - Conduct a three-phased study of transition efforts in Afghanistan.
 - Identify issues for joint resolution and address in the JLLP.
- **Proposed way ahead:**
 - DJ7 email to COMISAF describing support plan to gain concurrence and input
 - Establish Community of Practice within JLLIS as central repository of historic information and data collected during execution
 - JCOA conducts study efforts as required
 - JLLPB monitors submissions, places calls for issues as required, identifies joint issues, and incorporates issues into the JLLP as needed.

(U) Three-Tiered Approach to Support of Afghanistan Transition

1- JCOA Active Collection: Series of Individual Studies to produce Mosaic

Proposed Phase 1 Topic: Transfer of Security to ANSF

Proposed Phase 2 Topic: Good Governance

Proposed Phase 3 Topic: Post-2014 Mission Condition Setting

2- JLLP Passive Collection:

- JLLIS Community of Practice
 - JSAP of Services, CCMDs, and CSA for correct themes
 - Provide additional data from across JLLP
 - Potentially inform focus of active collection

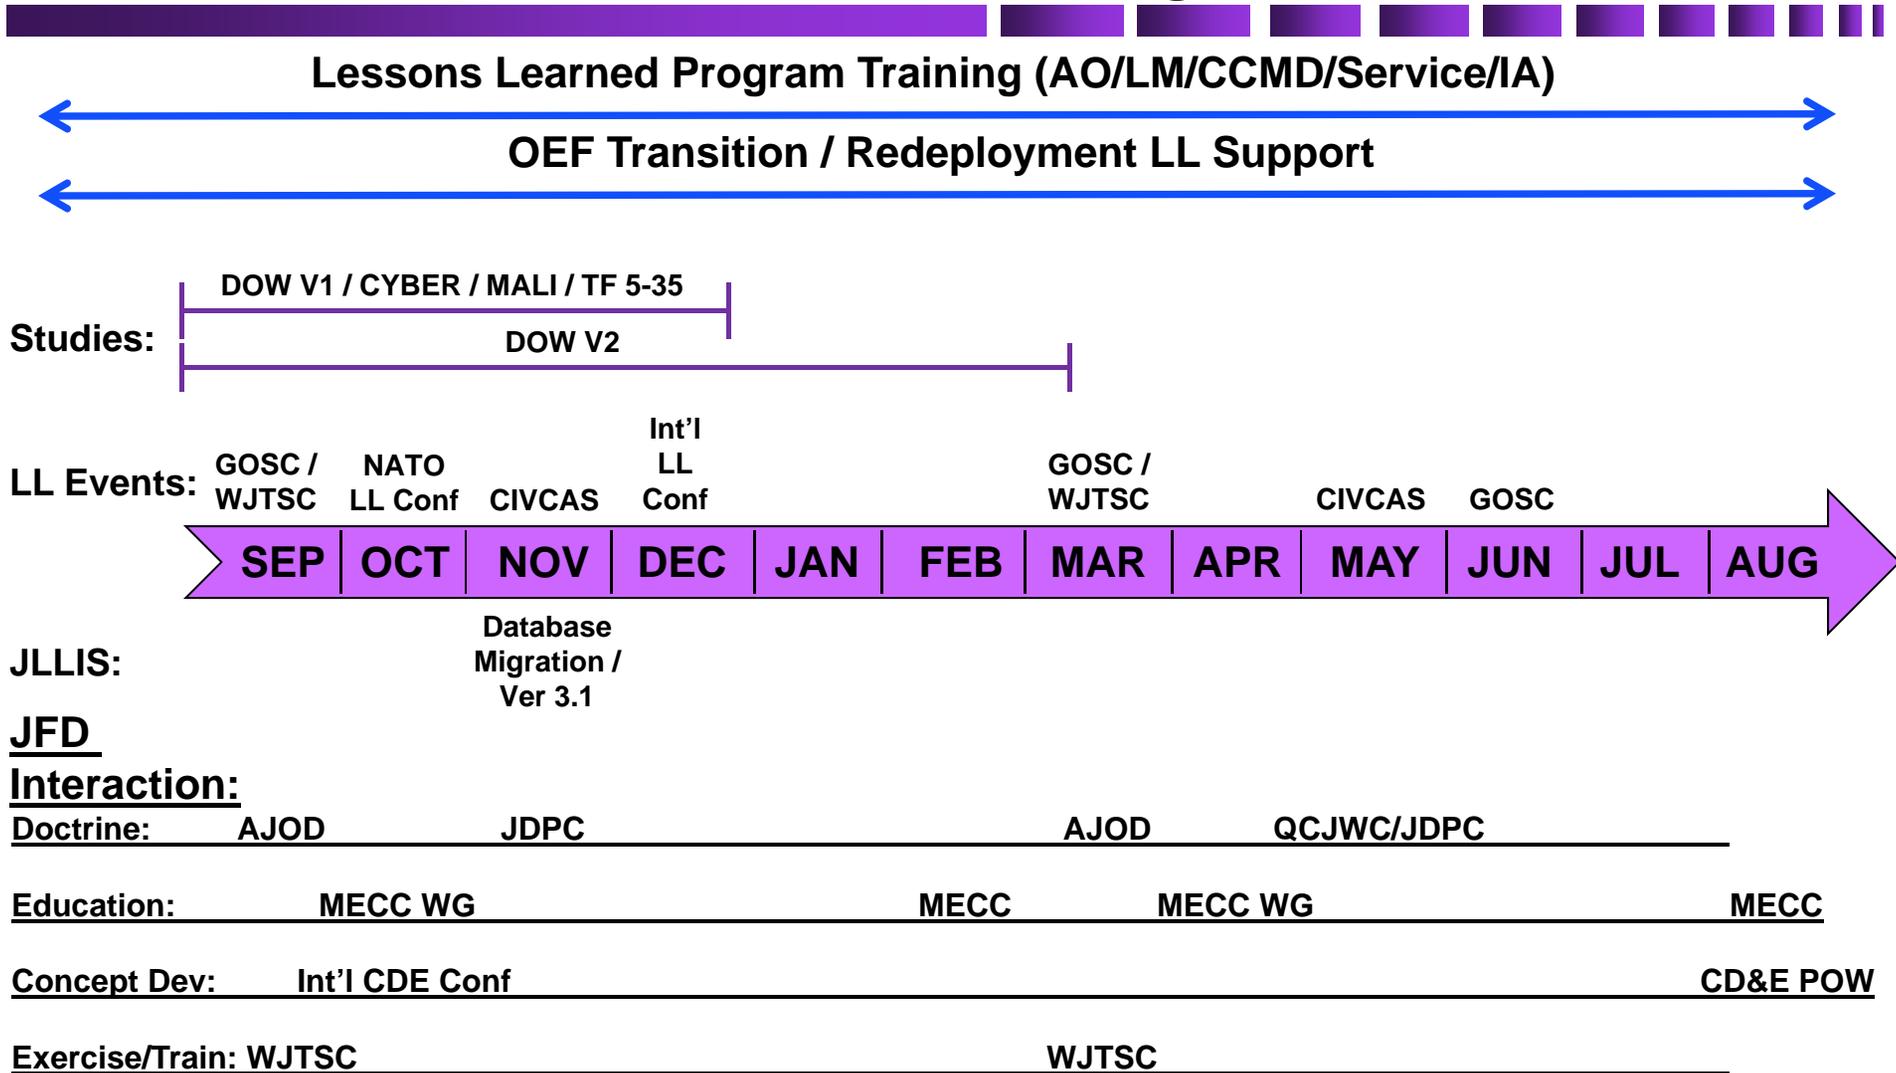

3- Collaboration with NATO (JALLC):

- JSAP for previous National-Level Redeployment Lessons
- Transition not on JALLC's current PoW
 - JLLP could provide national contribution, if asked

Joint Lessons Learned FY 13 Integration and Work Plan

Continuing to integrate Lessons Learned across Joint Force Development
